A mix of old world elegance, with some new world
modern boldness!

We are pleased and proud to present our unique collaboration with Piper-Heidsieck:

Piper-Heidsieck Essentiel Brut by Taste!

Glass € 12,00

Bottle € 69,00

This unique champagne is the result of a profound collaboration between Emilien Boutillat, the Chef de Cave of Piper-Heidsieck, and Kasper Stuart from the Taste! Restaurant & Bar Group. It's a perfectly festive aperitif champagne for any celebration, but also especially made to pair with the refined dishes of Bar & Bistro Monroe.

This champagne is from the harvest of 2014 and has ripened in the cellars for five years before it was disgorged in 2020. It is a blend of 47% pinot noir, 31% meunier and 22% chardonnay grapes and 18% of this champagne are the finest reserve wines.

It boasts a precise, well-rounded and elegant profile. Its precision and remarkable balance make it an ideal companion for gastronomy. The nose initially delivers notes of white peach, brioche, grapefruit and candied quince, developing towards aromas of toasted almonds. The palate is creamy and fresh. The length is remarkable and the finish on mineral notes pairs perfectly with a refined cuisine. Extra Brut at 6 gr/l.

LOW INTERVENTION WINES

This selection of low intervention wines is a discovery in unique biological, biodynamic and natural wines. We have chosen the most groundbreaking and sometimes even completely insane winemakers you will ever find. Labelled “low-intervention” means labour-intensive manual work. In short: a hands-on vineyard. By rolling up their sleeves, the winemakers offer their grapes the opportunity to develop a taste that fits even better with the terroir, the climate and the vintage. Thus, this method is better for the environment but also for the quality of the fruit.

Winemakers who limit their interventions will not have a specific recurring style. The differences in their vintages are embraced while they have confidence in mother nature’s ability to produce high quality fruit. As a wine-enthusiast, you can look forward to these variations, as it will not be the next best wine that is made in a commercial manner.

Try these challenging vintages and feel a winemaker’s passion!

**Château Haut Brion 2010, Premier Cru Classé
Cabernet Franc, Cabernet Sauvignon, Merlot
Pessac-Léognan, Bordeaux, France**

A dry year and an arid summer. It hadn't been this dry since 1949 during the growing season, from early April until late September. The lack of water resulted in the dehydration of the vines and subsequently a high concentration of grape juice and thus the highest values to be measured ever in terms of sugar levels. From the last couple of years, it's the red wines from 2010 that are coloured deepest. A very intense bouquet of black berries, brambles, coffee and tobacco. Its taste, richly creamy, coming from forest fruit, spices, leather and cacao. Magnificent and complicated. World class!

Scents of black fruit, spices and a bit of pepper. Initially you'll find a rich and full-bodied wine, with lots of fruit and energy. It finishes long and abundantly.
