We are pleased and proud to present our unique collaboration with Piper-Heidsieck:

Piper-Heidsieck Essentiel Brut by Taste!

Glass € 13,00

Bottle € 69,00

This unique champagne is the result of a profound collaboration between Emilien Boutillat, the Chef de Cave of Piper-Heidsieck, and Kasper Stuart from the Taste! Restaurant & Bar Group. It's a perfectly festive aperitif champagne for any celebration, but also especially made to pair with the refined dishes of Bar & Bistro Monroe.

This champagne is from the harvest of 2014 and has ripened in the cellars for five years before it was disgorged in 2020. It is a blend of 47% pinot noir, 31% meunier and 22% chardonnay grapes and 18% of this champagne are the finest reserve wines.

It boasts a precise, well-rounded and elegant profile. Its precision and remarkable balance make it an ideal companion for gastronomy. The nose initially delivers notes of white peach, brioche, grapefruit and candied quince, developing towards aromas of toasted almonds. The palate is creamy and fresh. The length is remarkable and the finish on mineral notes pairs perfectly with a refined cuisine. Extra Brut at 6 gr/l.

LOW INTERVENTION WINES

This wine menu contains a lovely selection of unique biological, biodynamic and natural wines. We have chosen the most groundbreaking and sometimes even completely insane winemakers you will ever find. Labelled “low-intervention” means labour-intensive manual work. In short: a hands-on vineyard. By rolling up their sleeves, the winemakers offer their grapes the opportunity to develop a taste that fits even better with the terroir, the climate and the vintage. Thus, this method is better for the environment but also for the quality of the fruit.

Winemakers who limit their interventions will not have a specific recurring style. The differences in their vintages are embraced while they have confidence in mother nature’s ability to produce high quality fruit. As a wine-enthusiast, you can look forward to these variations, as it will not be the next best wine that is made in a commercial manner.

Try these challenging vintages and feel a winemaker’s passion!

Our low intervention wines are labeled with this symbol: 

À LA CARTE

Bistro Monroe is located on the border of the Old and New South. We are looking to find this balance on our menu as well. With a selection of elegant, exquisite wines from the Old world, but also daring, modern internationals from countries that you might not have expected.

**Château Haut Brion 2010, Premier Cru Classé
Cabernet Franc, Cabernet Sauvignon, Merlot
Pessac-Léognan, Bordeaux, France**

Parker 99/100

J.Robinson 19/20

A dry year and an arid summer. It hadn't been this dry since 1949 during the growing season, from early April until late September. The lack of water resulted in the dehydration of the vines and subsequently a high concentration of grape juice and thus the highest values to be measured ever in terms of sugar levels. From the last couple of years, it's the red wines from 2010 that are coloured deepest. A very intense bouquet of black berries, brambles, coffee and tobacco. Its taste, richly creamy, coming from forest fruit, spices, leather and cacao. Magnificent and complicated. World class!

The Châteauneuf-Du-Pape “Hommage a Jacques Perrin” is a great wine. It is a blend of 60% Mourvèdre, 20% Grenache, 15% Syrah and the rest Counoise, all from very old vineyards. In the Wine-Advocate’s review, Jeb Dunnuck writes that he couldn’t bring himself to spit out this wine during the tasting! Rightly so.

In the glass a deep black-ruby red color. The wine has an incredible minerality along with black and blue fruit, forest floor and leather. Full-bodied and concentrated with nicely fused tannins, in short: what a flavor bomb! The Rolls Royce of Châteauneufs and exclusively available here at Monroe!
